“

Because of the support from the healthy homes initiative. Me and my whanau now can say we can keep a warmer home for us! Not only did we learn how to keep the draughts out, but the tricks we learnt like BUBBLE WRAP and how to use and install them. That education has been a big help and by using this education we have seen the improvement of our health. Big mihi to the team for your manaaki and AWHI.

AWHI
HEALTHY HOMES INITIATIVE

He kāinga ora, he tīmatanga pai
Healthy homes give tamariki the
best start in life

Who are we?

Who can we support?

How we support?

AWHI Healthy Homes is a FREE service for whanau living in the Counties Manukau and Waikato area. Powered by The National Hauora Coalition.

We aim to support and empower whanau to create a warm, dry, healthy home.

He kāinga ora, he tīmatanga pai

Healthy homes give tamariki the best start in life

Does your home feel damp? Is it cold? Get advice and education on how to make your home warm, dry and healthy.

AWHI Healthy homes is a service to prevent hospitalizations in our Tamariki by educating and empowering our whanau to create change in their own homes.

- ✓ Have Tamariki in your home
- ✓ New Zealand Resident/Citizen
- ✓ Live in the Waikato area
- ✓ Have/or are eligible for a community services card

AWHI healthy homes aims to empower and educate our whanau to create better spaces within your whare. Our educational based visits will give you the tools you and your whanau need to create warmer spaces in you home. Our main areas of education are:

- Heating
- Heat Loss
- Ventilation
- Moisture control

We also connect whanau into other services out in the community.
